

Ballasted basketball system transportable on wheels San Josè Garlando

Product features:

Packaging dimensions:

Product weight:

Weight of the packaged product:

Basket height: 225 - 305 cm

Product description:

San Josè Garlando ballasted basketball system is ideal for outdoor use for adult players.

The base of the plant is made of black molded polyethylene, easily transportable thanks to the wheels on the front and fillable with water or sand to ensure maximum stability during play. Two drainage holes allow you to fill and empty the base with ease.

Thanks to a practical and safe **locking mechanism** it is possible to adjust the playing height easily.

The **scoreboard** with an attractive design and dimensions of 110x70x3.5 cm in plastic material is mounted on a 75 mm diameter telescopic steel tube structure and reinforcing braces, powder coated in black.

The ring has a diameter of 45 cm.

The **ballast** can be filled with water or sand for a maximum weight of 110 and 140 kg respectively.

The height of the basket is adjustable to multiple positions, up to the maximum regulatory size of **3.05 m**.

The system is supplied with **accident prevention protection** to cushion accidental blows against the column.
