**Product description:**

**The Newport Garlando weighted basketball system** , with high quality column, is ideal for outdoor use for adult players.

**The base of the plant** is made of black molded polyethylene , easily transportable thanks to the wheels on the front and fillable with water or sand to ensure maximum stability during play.

The upper part of the system, the one used for adjusting the playing height, is made of 75 mm diameter telescopic steel tube and reinforcing braces, powder coated in black.

The **board** measuring 110x70x2.8 cm made of sturdy plastic material, 28 mm thick. Complete with powder-coated steel basket with fixed hoop diameter 45 cm and polypropylene net for outdoor use.

The **ballast** can be filled with water or sand for a maximum weight of 100 and 130 kg respectively.

**The height of the basket is adjustable to multiple positions** , up to the maximum regulatory size of **3.05 m**.
