Product description:

The El Paso Garlando ballasted basketball facility is perfect for children and teenagers both indoors and outdoors..

The base of the plant is made of black molded polyethylene, easily transportable thanks to the wheels on the front and fillable with water or sand to ensure maximum stability during play.

The upper part of the system is made of telescopic steel tube and reinforcing braces, powder coated in red.

The **board** measuring 71x45x2.2 cm made of sturdy plastic material, it is complete with a powder-coated steel basket with a fixed hoop with a diameter of 40 cm and a polypropylene net for outdoor use.

The **ballast** can be filled with water or sand for a maximum weight of 28 and 36 kg respectively.

The height of the basket is adjustable to multiple positions, up to the maximum regulatory size of **2.1 m**.
