

Corner flags with articulated accident prevention pole

Product features:

Material: PVC

Outer diameter:

Height:

Product description:

Corner flags with safety jointed pole, set of 4 pieces. The set is complete with a **folding, accident-prevention orange jointed pole** with a height above ground of 190 cm and a **yellow and red nylon flag with a checkered pattern**.

The particular joint, **covered in rubber**, allows the flag to flex in case of contact with the athletes, **thus avoiding injuries**.

The total height of the pole is 190 cm and is equipped with a **flag clip** to prevent the nylon flag from coming off in the wind.
