

Pitchside bench for football coaches and reserves - Cover in translucent honeycomb polycarbonate

Product features:

Material: 2 mm thick steel

Finish: Powder-coated

Length:

Height:

Product description:

Pitchside bench for football coaches and reserves, with translucent honeycomb polycarbonate cover.

Powder coated tubular steel structure, upper covering panels in translucent honeycomb polycarbonate, side protections in transparent polycarbonate 3 mm thick . Lower part made of melamine resin panels.

The **seats, in ABS with a high backrest** to ensure greater comfort, are mounted on a **steel structure** , independent of the cover.

The bench is **made to measure**, and it is possible to request different sizes from **one meter to eight metres**, thus allowing the members of the **technical staff and the team's reserves to be accommodated**, from a minimum of two to a maximum of 16 elements (different sizes made upon customer request).

The monocoque seats with backrest are usually supplied in the **Red, Blue or Green** colour. However, it is possible to make them in another color upon specific request.

The benches, entirely produced in our factory, are supplied **already assembled and ready for use**.

Attention, bulky item, subject to additional shipping costs
