

Monobloc seat for grandstand without backrest, Class 1 fireproof

Product features:

Material: PVC

Certifications: FIREPROOF

Product description:

Self-supporting seat without backrest, made of Class 1 fire-retardant copolymer polypropylene and anti-UV treated.

The seat has an **anatomical shape** with a smooth surface which facilitates cleaning.

The base, adhering to the step along the entire perimeter, limits the leverage to the maximum to **avoid vandalism and accumulation of debris**.

The seat is equipped with **a hole for rainwater to drain** and a practical niche for **housing a numbered placeholder plate** (not included).

The fixing of the **monobloc seat** takes place **directly on the grandstand steps**, using two stoppers (not included) housed in special recesses, equipped with **irremovable hole covers**.

Seat compliant with the latest **FIBA, FIFA and UEFA regulations**;

Complies with European regulations **UNI EN 13200-1-4** ;

Tested with laboratory tests according to **UNI EN 12727:2002** (level 4-severe)

Always available for immediate delivery, in the colors Red, Blue and Green, further colors are on request.
