Height:

Product description:

Regulation obstacle for athletics, in aluminum adjustable to 5 heights from 76.2 cm to 106.7 cm

Made of aluminium, it has a practical height adjustment system using two snap buttons.

Adjustable to 5 different levels, it is chosen by athletics clubs for its ease of use and its robustness.

Given the **maximum reachable size of 106.7 cm** , it can be used for training in any category.

The 120cm bar is made of PVC.
