

## **Product features:**

Ball size: 5 Material: EVE Finish: Soft Touch Product weight:

## **Product description:**

Volley ball in Eva with Zeus School soft touch finish.

Thanks to the innovative construction in EVA, an elastic and soft material, this ball is particularly suitable for training in youth categories, and for school use.

The **Soft finish protects against injuries** and allows for optimal control of the ball, even at high speeds.

The graphics of the ball may vary according to availability.
