

Pair of bilaminate basketball backboards

**Product features:**

Material: Bilaminate

Finish: Powder-coated

**Product description:**

**Pair of backboards for basketball facilities in bilaminate.**

The scoreboards are made entirely of bilaminate, 16 mm thick , **solid and resistant even when used outdoors.**

The scoreboards are produced in the size of 180x120 cm, or in the **official size** established by the current **FIBA regulation, of 180x105 cm.**

The bilaminate basketball backboards are supplied **complete with the relevant squaring** , carried out by painting. There is also a metal finishing frame.

The rims, which must be purchased separately, and the backboard support structure are not included.

The scoreboard is supplied without holes, which must be drilled during the installation phase to avoid any inaccuracies.
