

Outdoor basketball hoop in galvanized steel

Product features:

Material: Galvanized steel

Finish: Zinc-coating

Product description:

Galvanized steel basketball hoop, regulation sizes.

This type of basket is particularly suitable for **basketball systems installed outdoors** . In fact, galvanizing **protects the metal from rust** , increasing the durability of the rim.

Given its resistance, the assembly of this circle is **recommended for public installations, in parks or schools.**

The basket is supplied **excluding the net** and bolts.
