

20 mm decorative synthetic grass 76 m² roll - Euro 7.75 per m²

Product features:

Points per m²: 16800

Yarn Thickness: 180/85

Total weight of the covering g/m²: 1410

Yarn structure: Monofilo dritto + Monofilo Riccio

Height of the turf surface mm: 20

Product description:

Decorative synthetic grass surface. With a thickness of 20 mm, this covering is well suited to all high traffic requirements. Composed with a spinning system that involves the presence of straight green threads and curly beige threads, it allows you to simulate the effect of a natural turf.

Each roll is 2 m high x 38 m long equal to a coverage of 76 m²
