Pair of replacement sockets for single-pole volleyball and beach volleyball systems

## **Product features:**

Finish: Powder-coated

Length:

Mepa: Disponibile

## **Product description:**

Pair of replacement sockets for single-pole volleyball, beach volleyball and beach tennis systems.

This pair of sockets is made of steel and powder coated and is essential for the burial of single-pile systems.

They are available in **two different diameters**, to adapt to the systems we produce, and **two different lengths**, depending on whether the system is installed on concrete (30 cm) or sand (60 cm).
