

29 mm decorative synthetic grass 50 m² roll - €10.28 per m²

Product features:

Points per m²: 13150

Yarn Thickness: 165/90

Total weight of the covering g/m²: 1410

Yarn structure: Monofilo dritto + Monofilo Riccio

Height of the turf surface mm: 29

Product description:

Decorative synthetic grass surface. With a thickness of 29 mm, this covering is well suited to all high traffic requirements without neglecting the aesthetic purposes of the lawn. Composed with a spinning system that involves the presence of straight green threads and curly beige threads, it allows you to simulate the effect of a natural turf.

Each roll is 2 m high x 25 m long equal to a coverage of 50 m²
