

40 mm decorative synthetic grass 50 m² roll - Euro 16.60 per m²

Product features:

Points per m²: 16800

Yarn Thickness: 109

Total weight of the covering g/m²: 2120

Yarn structure: Monofilamento sezione S

Height of the turf surface mm: 40

Product description:

Decorative synthetic grass surface. With a soft thickness of 40 mm, this blanket is one of the top models in our range. It has an excellent aesthetic result and is very pleasant to walk on, giving a sensation of softness to the step. Composed with a spinning system that involves the presence of straight green threads of different shades and curly beige threads, it allows the effect of a natural turf to be simulated in an absolutely truthful manner.

Each roll is 2 m high x 25 m long equal to a coverage of 50 m²
