

Steel wire for throwing hammer 96.5 cm

**Product features:**

Material: Stainless steel

Length:

**Product description:**

**Steel wire, for throwing hammer, length 96.5 cm**

The wire, with the handle, is one of the **key elements in the discipline of hammer throwing**.

The **choice of a correct length** is **essential in competition**, to fall within the specific parameters defined by the **World Athletics** regulations, and in training, to find the right feeling with the tool and **improve the size of the throw**.
