Product description:

Painted steel volleyball referee stand with transport wheels.

A fundamental accessory in volleyball, the platform allows the **match judge** to evaluate the smooth **running of the game from an elevated position**.

This version, **made of powder-coated steel** , has a large **plywood base with a non-slip finish** positioned 118 cm from the ground, perfect for hosting **the match referee** (the overall height of the structure is 200 cm).

The stage is then equipped with **ABS wheels** , for **easy movement of the structure** , and convenient storage.
