Product description:

Everfit WBK-100 space-saving foldable abdominal incline bench.

One of the most popular pieces of equipment, the Everfit WBK-100 **abdominal incline bench** is an **essential piece of equipment in your home gym**.

The bench is made of **tubular steel** and is capable of supporting a **maximum weight of 110 kg**.

Comfort is guaranteed by the **padded seat and high-density foam rollers**.

A fundamental element of this abdominal bench is the possibility of **closing the structure** and storing it in very little space.
