Throwing Hammer Weight: 5,45 Kg

Product description:

Vinex Super 200 5.45 kg steel alloy throwing hammer

The **Vinex Super 200** Series of throwing hammers is characterized by **great precision** in manufacturing and **calibration** , which makes it compliant with the **highest international standards**.

In this version **with a weight of 5.45 kg** , the throwing hammer has a **diameter of 103 mm** , and, although it does not have IAAF approval, it shares the same precision and material characteristics with the models of the same series.

Wire and handle must be purchased separately.
