Product description:

The **Toorx Trx 9500EVO Professional treadmill** stands out for its modern and very elegant line. It has a **motor supplied with a power of 7 HP with a maximum peak of 9HP AC** and allows you to reach a speed of **25 km/h** starting from 0.8 km/h, with increments in steps of 0.1 km/h .

The **platform can be electrically inclined to 21 different levels**, from -2% up to a maximum of 18%. Equipped with **hand pulse sensors for heart rate detection and integrated wireless heart rate monitor receiver**.

The **console has 3 backlit LED displays** with support for smartphones and tablets thanks to which it is possible to constantly monitor speed, distance, time, inclination, calorie consumption, pulse, step. **There are 4 preset programs in memory, 3 users, 3 HRC.**

The running surface is very large and is also equipped with **infrared safety detection: visual** and acoustic signaling when the safety zone is exceeded (>1.0 m). **Thanks to the Siegling Texglide energy saving system**, it allows for high smoothness and silence of the belt and also significant energy savings.

The **Trx 9500EVO** is a model that includes speakers, Bluetooth, USB input for charging devices and smartphone/tablet support.
