Product description:

LEG PRESS FWX-6000 is the **free-loading press for professional use** from the new **Toorx Professional line**.

The stable and robust structure, made of reinforced tubular steel with an oval section of 50x110 mm, thickness 3 mm.

The particular double epoxy powder painting gives an anti-scratch treatment.

The main feature of **the TOORX FWX-6000 is the large push platform**, equipped with a quadrilateral connection structure for optimal ergonomics.

The Power Grade bearing system ensures precise and progressive movement.

The backrest and seat cushions adapt to the shape of the user's body, ensuring optimal support and comfort.

TOORX PROFESSIONAL LEG PRESS FWX-6000 is equipped with ergonomic aluminum handles and reinforced steel traction arms.

To be loaded with Olympic discs. Maximum loadable weight of 350 kg.
