Product description:

Infirmary desk and changing room with chest of drawers.

Produced entirely in our factory, this practical desk is made with a bent **powder-coated tubular steel structure** , therefore free of sharp edges.

The top, front and drawer are made entirely of wood and rounded for greater safety.

The dimensions, **130x76x78(h) cm**, and the **minimalist design** make it perfect to install in **medical offices, physiotherapy offices, infirmary rooms, changing rooms and school gyms**.
