

Soccer ball in Soft Mondo sponge diameter 140 mm

**Product features:**

Material: Sponge

Diameter: 14 cm

**Product description:**

**Soft anti-trauma sponge ball** with a diameter of 14 cm, it is particularly suitable for **use in schools, playrooms** and wherever there is a need for a **light and above all safe game ball**.

**Made entirely of soft anti-trauma sponge, particularly suitable for children from 1 year.**

This type of ball, due to its characteristics, is also chosen to **support physiotherapy and proprioception exercises**. **Also perfect for playing at home**, thanks to its **small size** and **soft material** it allows the **child to play in total safety**.

This **sponge ball** stimulates **movement** and **dexterity in the little ones**.
