Product description:

Soft nylon medical bag for first aid

This bag, practical and carefully crafted, is an accessory that cannot be missing from every sports club's kit.

The bag is equipped with padding and a large upper pocket and **elastic internal compartments, to hold the smallest and most delicate instruments, such as scissors, plasters, gauze.**

Perfect for carrying with the handy strap included, this bag finds its greatest application on sports fields, where it can accommodate all **the first aid equipment.**

From **dry ice to spray ice**, through **plasters, disinfectants, thanks** and everything necessary to **provide immediate assistance to athletes.**
