Product description:

World Athletics approved mobile steeplechase obstacle

Hedge barrier, made with **solid wood beam section 130x130 mm** and two-tone black/white paint. **Steel feet** section 90x90 mm **adjustable to three heights** with powder coating.

The barrier is made in compliance with the **provisions of the athletics federation** and has **World Athletics approval** , so it can be used for **competitions of any level** , national, international and Olympic.

The obstacle is accompanied by a trolley with wheels, necessary to facilitate its transport.
