#### **Product description:**

The Toorx Brx R 95 indoor bicycle has a **magnetic braking system with electronic adjustment of the 10 kg flywheel mass effort** and a **maximum user weight of 130 kg** . Motorized effort adjustment on 24 levels.

This type of **home exercise bike** is perfect for those with back problems, for the elderly or simply for those who want to train in the full comfort that only this type of equipment offers.

The Console has a multicolor backlit LCD display where it is possible to view distance, time, calories, pulse, speed, RPM, recovery. It has 21 programs of which 1 manual, 10 preset, WATT 3 HRC, 5 user.

The large **adjustable seat** and semi-reclining position offer the athlete exceptional **support and comfort** . There is also no shortage of "technological" solutions such as **handheld heart rate detection** and **smartphone/tablet support** .

**Toorx BRX R95** is a horizontal exercise bike designed for the home, with an eye to design and high-level construction care.
