

Padded Swedish bench without balance board

Product features:

Material: 1.5mm thick tubular steel

Sponge density: 21 kg/m³

Finish: Powder-coated

Maximum User Capacity: 200 Kg

Product description:

The **padded Swedish bench without balance board** is a complementary tool to the shoulder rest, useful for **gymnastic exercises**.

Perfect for **lengthening and stretching exercises**, it is very comfortable thanks to the padding which represents added value compared to the classic Swedish bench. Bench length 3 m

A high quality product, made of tubular steel, with a plywood backrest and sponge padding covered in synthetic leather.

Bench dimensions: 300(l)x40(h)x35(d) cm

Made in Italy product, entirely made in our factories
