Product description:

The **Jk 554 belt drive Indoor Cycle** is a **home bike** with a **22 kg flywheel with fixed sprocket**.

The soft race **saddle** , adjustable vertically on 6 levels (3 cm steps) and horizontally on 5 levels (2.5 cm steps).

The **handlebar** is ergonomic, multi-grip, adjustable vertically on 4 levels (2.5 cm steps) and horizontally micrometrically.

It has a pad braking system and micrometric inertia adjustment.

SADDLE-PEDAL DISTANCE Min. 76 cm - max 94 cm

HANDLEBAR-SADDLE DISTANCE Min. 52 cm - max 69 cm

HANDLEBAR HEIGHT FROM THE GROUND Min. 91 cm - max 96 cm

It has a **structure weighing 43 kg** and can support a user with a **maximum weight of 130 kg**.

The bike has a **wireless LCD screen console** that shows time/speed/distance/calories/RPM/pulse.

Heart rate measurement is done via an integrated wireless heart rate receiver with heart rate monitor.

The **resistance is manually adjustable** using the appropriate knob which acts on the brake via the side pads.
