Product description:

The Gradim GL323 two-seater swing with flat rectangular seat is made on a **double-lamellar impregnated pine wood structure** , section cm. 9x9 . The horizontal wooden beam is also made of laminated pine but with a section of cm. 9x18.

The swing features **two flat rectangular rubber seats** with an internal pre-pressed steel core, supported **by** narrow-mesh **galvanized chains** . The movement takes place on self-lubricating Teflon bushings.

The structure is designed for **fixing to the ground using metal brackets** to be cemented into the foundation.

Also available with GL323/SG cage seats to be quoted.

Characteristics:

Drop height (HIC): cm. 140

TUV approved for " public use" according to EN 1176:2017 standards
