Product description:

The **Gradim GL328 swing** with **flat rectangular seat** and slide is made on a **double-lamellar impregnated pine wood structure**, section cm. 9x9. The horizontal wooden beam is also made of laminated pine but with a section of cm. 9x15.

The **swing** features a **flat rectangular rubber seat** with an internal pre-pressed steel core, supported **by** close-knit **galvanized chains**. The movement takes place on self-lubricating Teflon bushings.

It also features a **cm fiberglass slide**. 400 with **two safety bars** and a **non-slip galvanized metal ladder**.

The structure is designed for **fixing to the ground using metal brackets** to be cemented into the foundation.

Characteristics:

Drop height (HIC): cm. 170

TUV approved for " public use" according to EN 1176:2017 standards
