

2 kg soft rubber shot put ball

**Product features:**

Material: Eraser

Diameter:

Casting Ball Weight: 2 Kg

**Product description:**

**2 kg soft shot put ball covered in rubber**

Designed for **indoor circuits** and for training, this shot put ball is covered with a **layer of soft rubber, which improves grip.**

**The shot put** (also improperly called shot put because it is considered within the throwing disciplines) is **both a male and female athletics specialty**, in which the athlete tries to throw a metal sphere as far as possible.

Made of cast iron and covered in rubber, this model has a **diameter of 95 mm and a weight of 2 kg.**

**THE COLOR VARIES ACCORDING TO AVAILABILITY**
