Product description:

The treadmill for the most demanding! top performance and modern design are the strong points of this machine.

The **Toorx TRX 65 S EVO motorized treadmill** has a **3/4 HP motor**, silent and reliable, which takes the treadmill to a **speed of 20 km/h** . It is also guaranteed for 3 years!

The **cushioned running surface with High Absorption Cushioning technology** protects the joints from impact trauma, characteristic of those who spend hours running.

The **15-level electric inclination** allows you to vary training plans. Additionally, both the incline and speed are adjustable on the handrail.

There are **15 preset programs, 3 HRC, 3 user, body fat tester**.

On the 113x63 mm blue backlit **LCD display** you can view **speed - heart rate - distance - time - inclination - calorie consumption - running program**.

The treadmill is completed by an integrated wireless heart rate monitor receiver and the included TOORX heart rate monitor.
