retroilluminato

Programs: 1 libero- 12 presettati- 3 target- HRC

Heart Rate Detection: hand pulse- ricevitore
wireless per fascia cardio

Accessories: supporto smartphone-tablet

Dimensions Open: 1890 x 762 x 1370 mm

Dimensions Closed: 980 x 762 x 1600 mm

Packaging dimensions: 1940 x 800 x 360 mm

Product weight: 62 kg

Weight of the packaged product:

Certifications: CE-ROHS-EN957

Warranty: 2 anni

Product description:

With its compact design, the **MF198 Treadmill** is the perfect tool to complete your home gym.

By creating this **treadmill**, **Movi Fitness** has thought about what is the main need of all of us, taking up as little space as possible in the home, but without sacrificing quality.

The carpet is in fact equipped with a **1.25** horsepower **motor** which pushes the belt up to a **speed of 10km/h** , a remarkable value for most runners.

The **platform** , with a capacity of **110 kg** , **which can be manually inclined to 3 positions** , has a width of 35 cm and a length of 102, measures sufficient to support even runners of medium/tall stature.

Despite being compact, the **MF198 treadmill** does not give up technology, on board we find an **LCD display** where all the main information on your training will be displayed (**Time / distance / speed / calories**) and even **heart rate** , detectable through the **sensors placed on the handrail** .

Among the **accessories** we find **2 bottle cages**.

Small, well equipped, easy to move, **MF198** is the carpet for everyone.
