Product description:

Zeus bib in reversible polyester Giano model, made of light micro-perforated mesh fabric, with wide collar and sleeves so you can wear it over any clothing.

The shirt is ideal for **training any sport, such as football, five-a-side football, basketball, volleyball, beach volleyball, beach soccer** for team recognition during matches or training.

The Giano shirt is doubleface so it can be used on both sides in different colours, to create two different teams.

The jacket can be customized upon customer request.

Available in one size.
