Product description:

The Zeus Mars model tracksuit is ideal for racing and training sessions in the gym, or for **sports teams and clubs** who want to dress their players in comfortable and convenient sports clothing.

The MARTE training suit is made of 100% Soft Polyester, which, thanks to its high breathability, provides high comfort in contact with the skin. A fabric resistant to wear and dirt, in fact the colors will always be like new after each wash.

The **embroidered logos** and **fabric inserts** make the **Marte model a comfortable and fashionable tracksuit**. The collar, cuffs and bottom of the trousers are ribbed and the elastic fiber guarantees a perfect fit to the body so you can train without sacrificing comfort and freedom of movement.

Tracksuit features: sweatshirt with half zip, trousers with pockets and zip at the ankle.

The suits can be customized upon customer request.
