Product description:

The **Zeus Ulysse model tracksuit** is ideal for racing and training sessions in the gym, or for sports teams and clubs who want to dress their players in comfortable and convenient sports clothing.

The **Ulysse training line suit** is made of 100% polyester, resistant to wear and dirt, in fact the colors will always be like new after each wash.

The embroidered logos and fabric inserts make the Ulysse model a comfortable and fashionable tracksuit. The collar, cuffs and bottom of the trousers are ribbed and the elastic fiber guarantees a perfect fit to the body so you can train without sacrificing comfort and freedom of movement.

Tracksuit features: full zip sweatshirt, zipped trouser pockets.

The suits can be customized upon customer request.
