Product description:

Zeus Viky model tracksuit, ideal as **a training tracksuit**, composed of a shirt and capri trousers. Created specifically for those looking for a sports garment that meets the needs of resistance, comfort and savings.

A tracksuit in 100% polyester fabric, light and breathable for **high comfort** in contact with the skin. The technical fabric does not retain moisture, to allow for a comfortable workout.

The designs on the jacket and trousers give the tracksuit a touch of elegance, so as to offer a sporty but fashionable garment.

Tracksuit features: sweatshirt with half zip, 3/4 trousers

The suits can be customized upon customer request.

For details relating to sizes, download the technical data sheet from the attachments section.
