

Digital Logo Graphic Processing Service

Product features:

Product description:

Digital Logo Graphic Processing Service

Gana Sport offers its **department dedicated to screen printing and digital printing** , to allow you to **customize the sports facilities and mattresses** we produce with **your logo, or the sponsor's print**.

The Service consists of the **graphic processing of your logo, to allow its printing or adhesive application on mattresses and sports facilities**.

NB: The print is not included and must be purchased separately. However, it is necessary for the logo to respect certain standards to be processed (files with resolutions that are too low, or scans are not workable)
