Product description:

The **Toorx collection** is enriched with a new category of tools, called "**all in one**" as **they contain the functions of at least three distinct machines in a single station** , namely:

- **Dual Pulley**
- **Smith machine**
- **Rack functional**

Equipped as standard with numerous other accessories and attachments and can be equipped with further optional attachments, guaranteeing space saving and unparalleled flexibility and completeness of use.

ASX-4500 stands out for the possibility of selecting the ratio, which can be 2:1 or 1:1, and for the possibility of also becoming an effective hip thrust machine or leg press through the use of specifically designed attachments and accessories.

FEATURES: All in One station with 3-IN-1 dual pulley, smith machine, rack. 2 J-hooks, pair of barbell safety stops, chin-up bar, parallel bars, barbell holder, 6 ø50 mm and 25 mm disc holders, 8 ø49 mm spring disc holders.
