

Weighted basketball system transportable on Memphis Garlando wheels

**Product features:**

Material: Steel

Finish: Powder-coated

Packaging dimensions:

Product weight:

Basket height: 190 - 260 cm

**Product description:**

The **Memphis Garlando weighted basketball system** is ideal for outdoor use for adult players.

The **base of the system is made of black molded polyethylene** , easily transportable thanks to the wheels on the front and fillable with water to ensure maximum stability during play.

The upper part of the system is made of **black powder-coated steel tube**.

Thanks to the practical and safe locking mechanism it is possible to easily lock the playing height.

The **scoreboard measuring 90x62 cm** in sturdy plastic material, 20 mm thick, is **complete with a powder-coated steel basket** with a fixed circle with a diameter of 45 cm and a polypropylene net for outdoor use. **This is adjustable in height from a minimum of 190 to a maximum of 260 cm**

The ballast base measures 90x60x15 and can be filled with water in order to reach a weight of 64kg
