Product description:

C78 by **DIAMOND** is an **exercise bike** with self-powered programmable computerized **cycle ergometer** function.

Refined **design** and highly reliable components allow it to produce work of up to 400 Watts for a user weighing up to 160 kg.

The pressure-absorbing saddle, adjustable both vertically and horizontally, allows you to easily find your ideal position.

The heart rate is detected and monitored through the **hand pulse system, integrated wireless heart rate monitor receiver . T34 heart rate monitor** as standard

Among the accessories supplied we find: **MP3 input, Speakers, USB for charging your devices, Bluetooth for Kinomap* and iConsole+ apps, Fan, Bottle cage, Support for smartphones and tablets**
