

Pair of 3x2 meter aluminum soccer goals

Product features:

Material: Aluminum

Finish: Powder-coated

Outer diameter:

Door dimensions: MT 3x2

Product description:

Pair of regulation 3x2 meter soccer goals in aluminum with round section

Pair of goals for playing 5-a-side football or "soccer" **made of powder-coated aluminum tubing with a round section** with a diameter of 80 mm

The doors are **removable and transportable**, and complete with rear supports.

The powder coating gives the door **great durability and resistance to atmospheric agents**.

Compared to their steel counterparts, **aluminum doors are lighter** and more suitable for transport.

All the hardware needed for assembly is supplied **with the pair of five-a-side football goals** , while the nets must be purchased separately.
