

Sports mattress trolley 200x100 cm for vertical storage

Product features:

Material: 1.5mm thick tubular steel

Finish: Powder-coated

Product description:

The **Gana Sport mattress trolley** is made entirely of **powder-coated tubular steel**, to guarantee an extremely **solid and durable** structure over time.

The large 200x100 cm surface allows you to **comfortably store and transport large mattresses** .

Unlike other similar products, the **Gana Sport trolley** has a "**cage**" **containment structure** that allows the mattresses to be positioned both flat and vertically. This type of structure allows you to **increase the load capacity** and **transport the mattresses safely** .

The **4 swivel wheels** allow **easy movement in all directions** .

Produced entirely in our factories
