### Product description:

The **DIAMOND Adjustable Olympic Bench** is the ideal solution for all those who need **Olympic Benches** with **integrated barbell holders** but who do not have the space to have them all.

This product incorporates them all in an adjustable bench where the backrest and seat are adjustable so you can have a **decline bench** , a **flat bench** and a **incline bench** .

The machine has a **horizontal adjustment rail** that allows the user to have maximum comfort to perform the exercise.

It has **4 barbell supports at different heights** as well as the convenience of having **4 disc supports** for immediate storage.

**Rear platform** for supporting the spotter. Double foot rest station to facilitate the initial detachment of the barbell.

Comfortable and ergonomic **backrest** . **2 transport wheels** for easy handling.
