Product description:

The **DIAMOND 500 Series Chest Press** was designed around human movement.

The possibility of **loading the arms independently** allows divergent and independent movements for **optimal biomechanics**.

Isolateral movements allow the user to train with both limbs together, independently or alternately.

The **double grip** on each arm gives the user increased comfort and the possibility of varying the exercise mode.

The seat, **comfortable and ergonomic**, is adjustable to different heights so as to adapt to all users.

High density **foam padding** , PU leather upholstery "for furniture". 2 disc holder pins for easy and immediate storage.
