Product description:

The **Combo Leg Press 45°/Hack Squat from the 500 Series** by **DIAMOND** is the solution that allows you to have a machine capable of training the **front and rear muscles of the legs , buttocks and calves** by combining the work of 2 specific machines.

The **backrest in the Hack Squat version** can be removed and placed on the **push plate** which will become the backrest for performing the **Leg Press Incline** ; in this version, it will be necessary to lift the support frame of the **Hack Squat** backrest to have the **Leg Press push plate**.

Platform adjustable on 3 levels. High density foam padding, PU leather upholstery "for furniture". **4 disc holder pins** for easy and immediate storage.
