### Product description:

The **ADJUSTABLE BENCH** from the **550 Series** by **DIAMOND** is a professional **adjustable bench** with unique sturdiness and solidity characteristics of its kind.

Its **attractive design** makes it the "must have" of centers specialized in **crosstraining** and **functional training** .

The seat has 2 adjustments, one horizontal and one inclined.

The **bench** is easily transportable and movable thanks to the rear sliding wheels and the ergonomic handle positioned under the seat.
