

## Lat Pulldown Diamond Series 750

### Product features:

Maximum User Capacity: 160 Kg

Dimensions Open:

Product weight:

Warranty: 12 months for professional use

Weight pack:

### Product description:

The **DIAMOND 750 Series Lat Pulldown** is a training device for the **back muscles** .

The machine has an **independent diverging system** ; the ergonomic rotating handles allow a natural movement defined by the user, for natural and safe supination and pronation needs of the hand during movement, thus giving greater variety and **greater muscle involvement** .

Alloy **steel slide bars** that ensure smoother movements. **End cap in anodized aluminum alloy** which makes it even more resistant as well as giving it a decidedly more elegant look.

High density foam padding, PU leather upholstery "for furnishings" and **ABS protective casing** . Machining of aluminum pulleys with CNC process; the bearings are built with high quality material to withstand high intensities and for a long time.

**Coated metal cable with resistance capacity up to 1400 kg.**
