## **Product description:**

**DIAMOND** 's **750 Series horizontal press** features an independent diverging motion that mimics natural motion.

This particular design is ideal for encouraging users to go further in their fitness journey and also allows you to **train your limbs isolatedly** with unique comfort.

Alloy steel slide bars that ensure smoother movements. **End cap in anodized aluminum alloy** which makes it even more resistant as well as giving it a decidedly more elegant look.

High density foam padding, PU leather upholstery "for furnishings" and ABS protective casing.

Machining of aluminum pulleys with CNC process; the bearings are built with high quality material to withstand high intensities and for a long time. **Coated metal cable with resistance capacity up to 1400 kg.**
