**Product description:**

The **DIAMOND Power Cage Rack** is an **All-In-One training** station where you can perform full body workouts in complete safety.

The structure, which features uprights with a section of **75 x 50 x 2.5 mm and 30 holes** for adjusting the supports, has been designed to meet safety and stability standards and an excellent quality/price ratio, also taking into account the small dimensions. **Tested for loads of 320 kg.**
