Product description:

CRYOS SAFE is the disposable instant ice produced by Phyto Performance.

The ingredients of Phyto Performance instant ice are: **urea and water**.

DOES NOT CONTAIN AMMONIUM NITRATE.

We offer customers an innovative product for their safety, but with all its features.

The immediate use of instant ice, thanks to the soothing action that the cold exerts, is essential in first aid and emergency situations, at home, in the car, camping, in sports and where the use of cold therapy is necessary .

Class IIa Medical Device

HOW TO USE:

Activate by giving a sharp and firm blow with your closed hand or by pressing with two thumbs on the bag to cause the bag of water contained inside to break.

Shake the package for immediate cold.

Place a cloth between the bag and the skin. Apply it. Discard after use, single use package.
